Why we know The Ellinikon better

Machas & Partners represented the Hellenic Republic Asset Development Fund (HRADF) on one of the most ambitious transactions ever in Greece. Our law firm served as the external legal advisor to the Greek state for the completion of the transaction with LAMDA Development S.A., undertaking the drafting of all critical legal documents in the largest urban development project in the history of modern Greece. Our team managed the transfer of the land on which The Ellinikon is being developed on behalf of the Greek state, therefore we have an in depth and thorough knowledge of the title deeds, as well as the laws that establish the rights to the land plot. We are therefore able to assist you as a potential investor by turning a complex and time-consuming process into a pleasant journey.
